Emergency Quick Guide & Staff Checklist

For support workers, SIL, respite and community staff.

1. Call 000 now

Chest pain, severe breathing difficulty, stroke symptoms, collapse, seizure, severe bleeding, anaphylaxis, overdose, serious injury or immediate risk to life.

2. Call healthdirect 1800 022 222

For 24/7 nurse advice, service-finder guidance and advice about whether urgent care, GP or ED is appropriate.

3. Call ahead

Pharmacies, urgent care clinics and regional services can change hours, fees, capacity and accepted services. Some clinics stop accepting patients earlier if full.

4. Follow the person's care plan

Use medication orders, behaviour support plans, dysphagia/mealtime plans, seizure plans, incident escalation procedures and emergency protocols where applicable.

5. Record and report

Document symptoms, time, advice received, actions taken, medication given, transport arrangements, family/nominee notifications and incident reporting requirements.

Important disclaimer

This resource is a quick reference guide only. It does not replace professional medical advice, clinical judgement, care plans, medication orders, restrictive-practice requirements, safeguarding obligations, incident escalation procedures or emergency protocols. Opening hours, phone numbers, fees, service availability and eligibility can change without notice. Always call before attending. In a medical emergency, call 000 immediately.

Source note

This updated version was prepared from the supplied Compass Care Group WA After-Hours Medical & Pharmacy Guide pages, the Perth North/South/East addendum, and checked public service listings for the added Perth Central entries. Staff should verify details through the service directly or healthdirect before relying on the guide.
